—Cash in Advance—

VOLUME 1

On invitation of George R. Morton, manager of the Paris Manufacturing Co., an auto party comprising the South Park business men, inspected the company's saw-mill at Crystal, N. H. The trip was made through Bethel and Berlin, Me. George R. Morton, who is in charge of the lumber business here, met the party and acted as guide during their stay. A fine dinner was served in the company's dining room and this number on the program was one of the most enjoyable. After a ride in the interestingly constructed mill, the party included G. R. Morton, J. Hastings, Dean, Perley F. Ripley, N. Dayton Bolster, Samuel F. Davis, Alton C. Wheeler, Charles W. Bowker, A. W. Walker, Irving O. Barnes, J. W. Kenney, W. L. Gray, George M. Atwood and Arthur M. Atwood.

## A UNIQUE RECORD

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of Norway gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

S. C. Foster, barber, Main street, Norway says: "I have used Doan's Kidney Pills and I am only too glad to say to others I think they are the best of kidney medicines. Several years ago I had kidney trouble. I got Doan's Kidney Pills at P. P. Stone's Drug Store and I was soon feeling all right again. I remained so for a long time, but later caught cold and my kidneys gave me trouble. I again took Doan's and they gave me relief." (Statement given July 24, 1908).

On June 6, 1916, Mr. Foster added: "I still think as well of Doan's Kidney Pills today as when I first endorsed them. I use them occasionally, as I feel in need of them and I am always promptly benefited."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Foster had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 33-34

## THE ORCHARD PATH

There's a little pathway winding  
Through the waving orchard grass,  
And blue violets are budding,  
All nodding as I pass.  
And the summer dews seem floating  
On the pink blown apple trees  
And I hear the old time voices  
In the passing of the breeze.  
The pathway I follow  
Leads to the old house doors,  
But those who walked before  
In the happy days of yore  
Are sleeping in the sunlight  
Yet their presence in the silence  
Seems to be around me still.  
—ELLEN MILLETT DAVENPORT.

Many friends of John Pottle attended his wedding reception at East Otisfield, last Friday evening. He and his wife received many beautiful and useful gifts as tokens of friendship and high esteem.

Service at the church next Sunday at 2 and 8 p. m. The pastor will be at the two sessions.

**\$100 Reward, \$100**  
The readers of this paper will be pleased to learn that science is at least one dreaded in all its stages and that is catarrh. Catarrh conditions require constitutional treatment. Catarrh of the urinary system is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying patient strength by building up the constitution and assisting nature in doing its work. The physicians have so much faith in the curative powers of this medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address—J. O'NEIL & CO., Toledo, Ohio. Sold by all Druggists, 75c.

**BUCKFIELD**  
Water Rates  
An order was issued today by the public utilities commission suspending for a period of three months an increase in the schedule of rates of the Buckfield Power and Electric Light Company, while a valuation is being made of the property of the company.

Among the increases proposed in the rates are for the first faucet used by a single family from \$8 to \$10, for each additional faucet using a separate faucet from \$8 to \$10, bath tub from \$3 to \$4.00 and water closet from \$4 to \$5.

## Norway Lake Supply Co.

Have a very favorable price on a horse rake, carried over one season and has a much better price than a brand new one; one or two second-hand mowers, in good shape and ready to use, prices right.

Cattle Sprayers and Fly Oils, all the poisons for potatoes, and Bordeaux, for rust or fungus growth as well as bugs and worms, in both paste and dry form.

We have a very good value in Scythes, Rakes and Pitchforks. Also a new lot of Shirts, Stockings, Frocks, Overalls and Trousers, at good prices.

New Groceries, Teas, Coffees, at slightly higher prices, but in comparison with other things, the value is apparent.

Fruit, Confectionery and Cold Drinks.

## DO NOT YOUR HEART

## IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. It may be traced back to childhood. It is the most important disease of the body. They are the filters of your blood. If they become clogged, your blood is impure, and you are liable to all kinds of diseases. It is usually indicated by backache, stiffness, nervousness, dizziness, headache, stomach trouble, and lower abdominal pain. Gravel, rheumatism, sciatica, and other ailments are the result of impure blood.

Dr. Williams' Pink Pills for Pale People are nature's way of telling you that the kidneys are clogged. They are the filters of your blood. ## TRAVEL NOTES

Houseful of Worthless Valuables; Varied Hued Roses, Stockholders' Meeting, Incidents, Sunday River Fishing, etc.

I went up to Al Park's house the other day. Mother accompanied me. Al has been register of Probate for many years. It matters not how many. He succeeded H. C. Davis whom it is alleged, fled his papers in a barrel. Albert does not do that way, at least I never knew him to. His home is on the hill in the rear of L. L. Mason's residence and can be reached by several roads. He built there 22 years ago and was the first to occupy "the heights above Sylvan Shurtleff's mansion" at South Paris. Billy Bolter was the landscape artist, probably assisted a little by Mr. and Mrs. Park on the hill. Billy would brook no interference in his artistic designs, but somehow he allowed Albert to plant rose bushes, trees and vines that have added to the attractiveness of the place for years. Mother was loaded down with roses of so many kinds I dare not enumerate. They look pretty and riding home I sure think the people thought we were going to a funeral or a wedding.

I explained to acquaintances that I'd been up to Al Park's house. That was satisfactory and for the curiosity of the others I don't care as funerals and weddings are respectable. Manatobas maples almost a foot in diameter have grown from the seed planted by Mr. Park. There are several of them. Big clusters of Concord and Niagara grapes hang from the trellises and corn, sweet corn, the like of which I have not seen before this season, is growing in the garden. Albert gives an oak tree calomel and in so doing has saved it from death. It is an enormously big oak and is now green and thriving as the proverbial bay-bush of scripture. I never heard of such a thing before, but I'm not "up" in tree-doctoring and Albert is. That's the difference.

Among the trees are tin cans and boxes as nesting homes for the birds and they are occupied. No doubt of it. I saw them going in and out and Mrs. Park told me the names or variety of birds, but I have forgotten them. They sing and make merry early in the morning when Albert is trying to sleep. No doubt of it.

Indoors there is a monster collection of old skulch some of it anti-dating the arrival of the ark at Mt. Ararat. Albert has been "collecting" for a full third of a century and I surmise the Mrs. has assisted, as everything in the house was in apple pie order. I wouldn't attempt to enumerate. The house is full of well arranged and useless bric-a-brac of ancient vintage and historic value.

Mrs. Park is something with paint and brush as the walls testify. All her looking efforts to the untutored eye. How she got time to do so much and keep Albert supplied with hand-knit socks and out of a boarding house is beyond me. And another thing I don't see any dirt or dust in the house either. I met an elderly lady, an aunt, I think, Mrs. Estes, in the kitchen, maybe she is accountable for this. I don't know. Sink, stove and pantry are arranged to save steps. I wonder if Billy Bolter planned it? I guess he didn't. Mr. Bolter is dead and cannot be interviewed. It's awfully convenient and caused Mother much envy as she has always been wanting a house where she could sit and sleep on the veranda. Here she found a model one. It is a short journey from sink to stove into the pantry and through a window to a table on the piazza. Great scheme! Not desirable in howling zero weather. Then Albert can eat in the kitchen or off the two hundred dollar mahogany table in the dining room. Flies are not permitted to intrude as this portion of the porch is screened in. Another part of the piazza at the other end of the house is similarly screened and used for sleeping purposes. It is electrically lighted and Japanese screens of varied hues shut out the gaze of curious neighbors when retiring.

Mr. Park has seized the opportunity as auctioneer not only to fill his home with the choicest antiques gathered from hundreds of sales, but he has a large building on Western Avenue filled to overflowing with just ordinary second-hand furniture. The "stuff" he has in his house he won't sell at any price, but that in the store-house is handed out at reasonable prices to those who want it. A Bar Harbor cottage owner recently looked over the antiques and expressed a willingness to part with big sums of money for some crockery and glassware, but Albert was obstinate and would set no price and the man went away probably some what disgusted that money couldn't buy what he wanted. Such is the disappointment that comes to the wealthy.

I'm treading on dangerous ground in writing this, Mr. Park will probably be offended and stop his paper. If so, I'll have to worry along and print one less paper per week in the future.

The annual meeting of the stockholders of the Bethel Water Co. was held on the 13th in Bethel. I attended. Maybe you don't know that I'm a stockholder in that institution. I have been for many years. The meetings are interesting gatherings; no one seems to want to hold office except myself, yet nearly all get re-elected or pressed into the service much against their will. This year Judge A. E. Herrick, who has been clerk and treasurer for 33 years, actually did get re-elected from official duty, but he agreed to stand by and point the way. W. C. Gerry succeeds him. Mr. Gerry was superintendent of the Company last year and knows something of the ins and outs of a public utility. He is a Norway boy having come to Bethel some 15 years ago. He did last winter. There were 500 rooms in the house where he stopped. It was not the largest house as there is one there that has 2000 rooms and all of them were occupied. The rates for rooms only where Mr. Hastings stopped were: Per October and November, \$1.50 per day; December \$3.00; January \$5.00; February \$7.00, and March, \$10.00 per day. You can eat where you see fit or not eat at all if you like. He enjoyed the winter holidays, listening to music, attending the races and participating in the social functions which were many and varied. The climate is very similar to what we have in October.

They were about ready to telephone into Bethel to be hauled in when we came along. Allie Knight of Auburn, a traveling salesman for hardware and a brother of Will Knight seemed to be the boss about the car, though a woman drove it.

I overheard Eben Kilborn to say he would sell his Songo Pond summer home. When asked his reason for so doing, said, "He had been there some time and had got tired of it." I didn't price it as I'm overworked with a summer place, but it is a beautiful spot anyhow. I think it is in the town of Albany. It is where Crooked River takes its rise and there are trout, salmon and pickerel in the water.

The "Hastings Spring" on the knoll at the bend of the road, near the Androscoggin River, has come to life. That is, there is water in it. It should be cleaned out and a board put over it and a stake with dipper attached put up. I'll furnish the dipper, but it would be unlawful for anyone but dogs to drink out of it. I mean the dipper. I'll see that it is produced just the same.

Mr. and Mrs. Bert Brown of Frost Hill, Bethel, are living in the Littlehale house. Mrs. Brown told me she had done the work for ten boarders all winter. She says a good number of trout have been caught early this season. I didn't find any, but I live there and I got three trout. His name was Trask and formerly lived in the house where the big willows stood. He now lives in Hanover, near Charles Bartlett's, having moved there some years ago.

The Bumpus Opening up Bull Branch, back of Littlehale's is pretty well grown up. You can't see out and the apple trees are hidden away among the growing evergreens. I followed the logging road to the junction of Goose-Eye brook and fished up Bull Branch 80 rods or so, but did not see a fish. Then I fished down stream for an hour and a half with the same result. Beautiful pools but no fish in them. At "the Bumpus pot-hole" I tarried long and tried bait, but not a nibble. Gone where? Into the fish-baskets of former fishermen! I diligently cast tempting flies over the water on the main river from the mill to Frank Littlehale's, but did not find a legal length trout. The time before this that I came down the river I got two. That was several years ago. The time was when I'd have filled a basket in one-fourth the distance. I enjoyed the trip even though I was alone and the trout, like the old inhabitants of the valley, had left me.

Mike Losier of Norway was met up Sunday River the other day. He has been there for some time working in the steam mill. Mr. N. R. Springer of Bethel, of Merrill, Springer & Co. of that town, own the mill and are saving birch dovetails. They bought the Stillman Littlehale place last year.

I stopped at the "Abbott House" on Upton Hill. It is a good place to stop. Enoch Abbott and wife have run the house for more than 25 years and are favorably known to the sporting world and traveling public. Mr. Abbott has been town-treasurer of Upton for the past 35 years and for the past year or so has also been tax collector. He is the third generation from the original settler. His grandfather came from Andover, Me., and built the mill on the outlet of the Dead Cambridge and started a larger family and considerable of a town.

The late George Abbott of Norway, also U. S. G. Abbott, came from Upton and are of the same Abbott family. Bethel to Upton is 28 miles. Charles H. Davis of Bethel has driven the stage over this route for 2 years and he isn't an old man yet. I recently had a talk with him. He can tell you all about Grafton Notch, the summer and winter and the animals and inhabitants along the road. He has learned them.

I was attracted thither by a desire to go up the Dead Cambridge and view the forest of big elms and the realm of moose and deer. I have never been there, but I caught a few trout. The water was too low for boat travel and surely I'd not walk up that river into O Pond for half the state. Hence, I have not made the trip, but deferred to a more convenient time.

Mr. Durkee who owns and runs the saw-mill and lets boats, says few if any trout could now be caught in the Dead Cambridge. Water was too low! A mile or so of the Swift Cambridge was fished which runs by the roadside. A mile and no fish taken. The banks were covered by the footprints of deer and men. I noticed tracks of a bear that had crossed, but trout there were none.

Unabag Lake was visited and a pickerel was caught. Pickerel, trout, salmon and horn-pouts are numerous in this water in their season. I was told this as I have never fished it before. Pickerel are said to have been planted in the Lake as a matter of revenge for having been fined for winter trout fishing. It is alleged to have been done by the Stone Brothers, perhaps 50 or 60 years ago. These fish have thrived and multiplied but whether they have damaged the trout, I cannot say. Many trout are caught here each year and this water now yields about as many trout as the other lakes in the chain. Some are of the opinion that there are more trout in Unabag now than in the Upton Lake. A man now living in Newry is said to have stocked it with horn-pouts because he liked the fish to eat and wanted a place to catch them. Pouts do not injure the others, at least they do not have that reputation like pickerel.

Grafton as a town is a thing of the past. There are only two real estate owners. One below the Notch and another above it. The Brown Company of Berlin, N. H., have bought the farms and are allowing it to revert to a wilderness as fast as time and growth will permit. There are several unoccupied farm buildings on the road. I am told that these farms are not over productive and the crops are subject to late and early frosts even to the extent of killing potatoes. Most of the farms are on the low lands of Cedar Brook and the Swift Cambridge.

Charles D. Brown of North Bethel has charge of the road in Grafton and has a crew working on them. They are being put into good shape. The road through the Notch isn't too bad considering nothing has been done to it for the past two seasons.

An auto in trouble was met this side of Poplar Tavern, North Newry. The carburetor did not work properly and the car refused to go. Walter was called to their assistance and soon discovered there was no trouble with the carburetor. The flow of gas was clogged. The obstruction was removed and the car went on its way all right, much to the satisfaction of all, especially to the little girl who clapped her hands and laughed and danced with joy when the car started up.

They were about ready to telephone into Bethel to be hauled in when we came along. Allie Knight of Auburn, a traveling salesman for hardware and a brother of Will Knight seemed to be the boss about the car, though a woman drove it.

## WORMS MAKE SICK CHILDREN

Signs of worms in children are: De-ranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

The safe method for ridding the child of worms is to use Dr. True's Elixir. Mrs. William G. Bonin, of Caddo, Oklahoma, wrote regarding Dr. True's Elixir, "We have used it for our children for the last twelve years and certainly know the value of it." You can buy Dr. True's Elixir wherever medicine is sold. Pleasant tasting—gentle acting. The family laxative and worm expeller for children and grown folks.

# Accidents will Happen

Do you know how much your motor-car is worth to you?

You know what it cost, and you can make a reasonably close estimate of its depreciation, but suppose your car is damaged, stolen, or destroyed, WHAT THEN? Will it be a partial or total loss?

Every day you read of cars being stolen from garages or while standing in the street. Grave danger of fire or explosion always exists where gasoline is used. Collisions are of every day occurrence, and cannot always be prevented, even by careful driving. YOU may be the next to suffer loss—you cannot tell.

Which is wiser—to take the risk yourself, or to shift the responsibility upon those whose business it is to assume such risks?

We will insure your car against Fire, Theft, Personal Liability, Property Damage, Collision or the hazards of transportation.

Note the Model Number, Make and Model Year of your car and mail to us to-day and we will tell you how you can estimate the exact value of your car at any time, whether it be standing safely in your Garage or lying by the roadside, a piece of tangled JUNK.

INSURANCE OF ALL KINDS.

### EAST OTISFIELD

H. F. Hartwell Returned  
Capt. Herbert F. Hartwell and family came Monday, from Springfield, Mass., to spend several weeks at their camp on the west shore of Thompson's Pond. He was released from the army a few days ago, after a long and distinguished service as supply officer of the 104th infantry. He was decorated by France with the Legion of Honor for wounding a German bombing plane on its way to Paris.

When Capt. Hartwell, then Corp. Hartwell of the old 5th Company Maine Coast Artillery, was teaching French and German in Portland High School, he was reckoned among the best shots in the Portland battalion.

When he enlisted in the war he was a teacher of French, German and Spanish in Springfield high school. That position was kept open for him and he has been invited to return in the fall at an advance of \$400 in salary, but has declined the invitation as he is to go in business after 15 years of teaching. Sept. 1st he will take charge of an export branch for the John A. Dunn Chair Co., whose factory is in Gardner, Mass. About half of each year he will spend in Europe and South America.

### EAST SUMNER

Alvan Barrows and his sister, Mrs. G. H. Heald of Waverley, Mass., are spending their vacation here.

Elder Verrill of Bryant Pond has been holding meetings at the K. of P. Hall.

Lionel Bowker and Roland Benson of South Paris spent the week end with their parents.

Myrtle Bowker is at home for a visit.

Mr. and Mrs. Howard Palmer and son Stewart of New Haven, Conn., are visiting at Frank Palmer's.

Mary Bonney spent the week end with friends in Canton.

J. W. Stetson of Auburn is stopping for a short time at the old homestead, F. S. Palmer's.

Ella Heald is visiting her sister, Mrs. A. D. Park, of South Paris.

Belle Gibbs is visiting with relatives in town.

### WEST POLAND

SWEDEN

The late rain made a great difference

in the looks of the crops round town.

Corn leaves were rolled and potato tops

were wilted and nearly everything looked

sick, but the rain came in season to save

them and now they are growing fine.

Dr. Will Holden and sister, Mrs. Lar-

kin Woodbury of Haverhill, are stopping

at the Orin Maxwell place in Sweden for

a few weeks.

Lyman Swiss and a friend, Mr. Griffin

of Lynfield, Mass., called on E. S. Plum-

mer one day last week. They are camp-

ing at Shorey's Grove in Bridgton, on

the shore of Highland Lake for a short

time.

Wendel Plummer is helping Charles

Saunders do his haying. He and his fa-

ther have finished up at home. Wendel

says if August is a good month he is

in hopes to get all done haying for 1919.

He hayed for M. E. Perry before cutting

their own. They bought a new mowing

machine this year, a McCormack, and they

say it works fine.

A dance was given in honor of the

homecoming of John Pike, recently re-

turned from overseas, Thursday evening

at Sweden town hall.

Mildred Cole of Bridgton has been

visiting friends in town.

Dorothy Durgin has finished work at

Leslie Chandler's and has gone to Stow

to work for Mrs. Gus Wiley.

Ariston Lord of West Lovell is visit-

ing her cousin, Mrs. Norrene Brackett of

Sweden.

Many of the farmers have secured their

hay in fine condition.

Mr. and Mrs. Charles E. Downs of

Portland spent Sunday at M. E. Perry's.

Mr. and Mrs. John Nevers and Mr.

and Mrs. Libby of Woodfords are at

their cottage on the shore of Keye's

Pond.

Mrs. Addie Chandler has spent several

days at her parental home, Lovell.

Mrs. Seth Brackett has returned from

several weeks' visit in Portland and vi-

cinity.

Mrs. Martha Chandler, who kept house

for Mrs. Seth Brackett and Mrs. Leslie

Chandler in their absence, has returned

to her daughter's, Mrs. F. D. Holden's.

Mrs. Abbie Emerson and son Leonard

were week end guests at Leslie Chandler's.

Elihu Bennett and B. D. Knight

are assisting Forest Hutchins with his

haying.

Clyde Whitehouse of Bridgton High-

lands and Hayward Smart are haying for

A. B. Perry.

Alfa Brackett, who underwent an op-

eration for appendicitis, at Dr. Flet-

Hospital, Woodfords, was able to leave

the hospital, Friday.

No service at the M. E. Church for the

past two Sundays as the pastor, L. W.

Souther, is spending his vacation with

his son at Livermore.

Mr. and Mrs. Elmer Brackett and son

Dennis were Sunday guests at F. D. Hol-

den's.

H. D. Stone had a valuable horse get

very badly cut on the mowing machine,

recently.

### Norway and Vicinity.

(Continued from page 1)

#### Large Tourmaline Purchase

Robert F. Bickford, lapidary and dealer in Maine gems of this town has bought the contents of three gem "pockets" recently taken from the Greenlaw tourmaline mine in Auburn. Green-blue tourmaline stock weighing more than 12 thousand carats is in this purchase, which is the largest find since the famous Hayvee find several years ago.  
 The stock is remarkably clear and will cut with very small loss. Its quality is unquestionably the highest grade in the country owing to the brilliancy in colorings and hardness. H. Knox Bickford, expert gem cutter, commenced on the stock this week. When it became known that Mr. Bickford had been the successful purchaser in competition with several New York dealers, orders commenced to arrive on every mail. This stock will keep the cutter in active business at least two years, according to the owner's statement.  
 This purchase of raw material is one of the largest single sales ever made in the state, and places the Norway dealer, practically in complete control of first quality green tourmaline in the state, if not in the country.

During the past few years Mr. Bickford has been unable to supply the demand for Maine tourmaline, because no large "finds" have produced the material. With this stock on hand and the lapidary working to capacity, the gem market should boom with Norway on the big end.

#### Poison Bran Bait for Chewing Insects

Prof. G. A. Yeaton, the county demonstration agent, gave the following remedy for saving of crops: "In years past grasshoppers and army worms have caused considerable loss to field crops by chewing the stalks and leaves. The simplest and most effective remedy for either of these pests is what is known as the 'Poison Bran Bait' which can be applied to any field or garden crop. This bait is mixed as follows:  
 Wheat Bran, 25 lbs., Paris Green or White Arsenic, 1 lb., 6 finely chopped fruits, 10 oranges or lemons; 2 gallons hot water, 2 gallons kerosene.  
 The bran and Paris green or arsenic should be thoroughly mixed with dry, the fruits are then chopped and added, and lastly the molasses is diluted with water and poured over the bait, which should be thoroughly mixed. This bait will attract chewing insects on account of the sweetness caused by the molasses and the odor from the oranges and lemons. It should be placed on the ground in many different places in the field in very small quantities in the place, especially near the outside row of the field crops such as corn, beans, turnips and in fact all crops which the grasshopper or army worm will feed on.  
 'The bait may be safely used in any hay or corn field, and where it has been tried it has proved to be a very efficient remedy.'

#### Norway Grange

The Norway Grange will hold an evening session Saturday of this week. The topic for discussion will be "Is the World Growing Better or Worse?" Each member is expected to be prepared with an item on Current Events.  
 The Sisters are requested to be prepared to furnish information on the subject "Desserts for Hot Weather" and the brothers, "My Best Method of Killing Wild Witch Grass."

The music committee is expected to be prepared with at least three songs. A luncheon donated by the sisters is also on the program.

#### Congregational Church Notes

Frank W. Hodgdon of Boston or his representative will occupy the pulpit Sunday morning at 10:40. Rev. R. J. Bruce of St. Lawrence Church at Portland will assist in the services. It is expected the quartet which has been singing during the past three weeks will appear at this last meeting before vacation.  
 The Woman's Missionary Society will not meet Wednesday as planned owing to the illness of the president, Mrs. Geo. W. Holmes and Mrs. Baltzer's absence. On Wednesday afternoon, Sept. 3, Mrs. Percival H. Noyes will entertain the society at her home. A social hour and lunch will follow the regular meeting, interspersed with a musical program.

A great treat is in store for the little folks Thursday, July 31, from 3 to 5 o'clock when Mrs. Percy H. Noyes, principal and teacher of the Grange Roll department, will entertain her young pupils with Mrs. Elton L. Brown and her class as guests. Games and refreshments are prominent on the program. Dainty invitations were issued.  
 Rev. and Mrs. Baltzer and infant daughter, Melba, start Tuesday on their vacation to Steuben. They will not return to the parsonage until early in September.

#### Methodist Church Notes

The subject of the morning sermon will be "Should We Love Our Enemies?" In the evening it will be "The Hand-Writing on the Wall."  
 The Easter, which was held in Witherell Park last week, was well attended, and a success in every way, a neat little sum being realized.

The Epworth League is planning for an outing to be held within a few miles of Norway in a few weeks.  
 The Sunday school is planning for a picnic to be held in the near future.  
 The Missionary Society will meet with Mrs. Lucella Merriam, Thursday afternoon at 2:30.

Officers in Oxford Castle No. 2 Knights of the Golden Eagle were installed Wednesday evening by representatives of the Grand Castle of Portland. The visitors who performed the work were Grand Chief, James L. Anderson, G. M. R. Jas. D. Dyer, G. 2nd G. M., O. H. Mosley, P. G. Chief, Charles Baker, P. Chief Jas. L. Foden. Refreshments and a social hour followed the installation and installation. This castle is in a flourishing condition, fifteen members have been accepted between January 1 and April 1.

Guy McAllister is the new operator on the auto street sprinkler. Tim L. Heath is having the time of his life keeping the outfit running and instructing new help.  
 Automobile inspector, Harry O. Stinson, spent four days this week in the western part of the county investigating several important evasions of the motor vehicle laws. In company with deputy sheriff J. F. Woods of Fryeburg he landed two offenders for driving without a license and another for using an out of date number plate.  
 Mrs. Thomas Beaulieu of Bic, Quebec, is visiting her son, Emil J. Beaulieu, family, Mr. Beaulieu's brother, Alphonse Beaulieu, of the St. Germain-Seminary, Bic, Quebec, is also here on his first visit to Maine. He is fitting for the priesthood and will be ordained after a two years' course in Montreal. This last course is in the St. Germain-Seminary.

**Mrs. Fairfield Lewis**  
 Mrs. Mary E. Lewis passed away at her home on Tucker street, Tuesday, July 23, after several months illness. Her age was 51 years, 11 months and 2 days.

She was born in Sumner, Aug. 20, 1867, the daughter of the late Andrew J. and Hannah (Canwell) Lord. A large part of her life was spent in South Paris and Oxford. The family has resided on Tucker street during the past year.  
 Beside her husband she leaves a brother and two sisters.  
 Funeral services were held at her late home, Thursday, at 2 p. m., conducted by Rev. F. A. Sullivan of the Norway Methodist Episcopal church. Burial in Riverside cemetery, South Paris.

#### Red Cross

Will you knit for the destitute children of eastern Europe? This is the annual Red Cross Knitting campaign. Knitting packets containing yarn for five pairs of children's stockings and two sweaters can be obtained free from the Red Cross. The demand is great and knitters are needed. Miss Elizabeth Beul will supply the yarn to all who will knit.

#### Oxford Lodge Notes

A special communication of Oxford Lodge No. 18 F. and A. M. will be held Friday evening, July 25th, work in M. M. degree.  
 Oxford Lodge has received and accepted an invitation from Ancient Brothers Lodge No. 178 of Auburn to be present at conferring of the M. M. degree at Auburn on Monday evening, July 28. A large delegation from Norway will be present.

Marie Newton is taking a short vacation from the Brown, Buck Company and is at her home at South Paris.

Not less than two hundred people, including men, women and children, passed Sunday at Gibson's Grove. Boating, bathing, fishing and resting under the pines occupied the time. A cool breeze swept through the grove and the water was fine. Picnic parties gathered in groups and altogether that locality resembled Old Orchard in the miniature.  
 Capt. Mel Sampson's public launches, "Portland" and "Hartford Girl" were in active service settling the transportation of white sails and canvas and motor boats handled the private parties. Automobiles figured largely in getting the vacationists to the grove.

The Ward 8 ballyho on the streets Saturday forenoon, calling attention to the "Big Band" which had been brought to the crowd. An auto decorated with novel signs and carrying a drum corps is a new way to advertise a sporting event. This method has come to stay during the summer.

W. A. Pulsifer of Milton, N. H., formerly of Haverhill, Mass., is visiting Ernest Page. He expects to take a side trip to Rumford Falls before returning home.

The Alarm Clock Dance in the Opera House Friday evening of this week. The number on the floor. An alarm clock set to ring at a certain hour was won by Barb Austin and Mrs. Maud Mann. As the time approached for the get-away the dancers marched around the hall and touched the clock at their respective places holding the ticker when the alarm sounded captured the prize. Music was furnished by the Rhythmic Jazz Orchestra, which included Ruth Akers, piano; Marion Haskell and Verne Whitman violins; Win. Kimball, Arthur Hart, lead mandolin; Victor Whitman drums. The name might suggest a decrepit combination, but not so—the music was real jazz.

Florence Sothom, who has been a Red Cross nurse overseas, returned to Norway, Saturday. She left Sunday for a visit at the home of her mother, Mrs. Fred Gurney, and came back to Norway several days later. She is making her home with Mrs. Fannie Frost, Paris street.

Mrs. Walter Purington returned Monday evening from a visit at Mechanic Falls with Mrs. Edward Hawes. Her brother, Frank Pike and wife of Auburn, arrived on the same train. Mr. Pike returned to his employment after a brief visit, while Mrs. Pike will remain several days.

Lillian Bartlett Richards of Norway composed the words for the patriotic "Clock Message From Over There," music by Leo Friedman. A Chicago publishing house is the distributor and a good sale is reported. Mrs. Richards has composed several poems for the local paper and she has a number which may be set to music.  
 George H. Bennett has a curious bone found in the effects of the late Perry Russell. Its title suggests the cheerful tone of the contents, "Devout Exercises of the Heart in Meditation and Soliloquy" is summarized in this manner: "By the late Pious and Ingenious Mrs. Rowe." This small volume was printed by Abel Horse at New Haven in 1794. Covers made from boards and calf skin, and the style of the type of that period are interesting features. The volume is in an excellent state of preservation.

A corporation plug accidentally knocked off the Norway Water Co.'s service pipe in the trench being dug on Beal street caused a leak in the ditch was filled to the brim with water. Several sections of the recently laid drain tile choked with sand before the torrent could be shut off. The accident occurred to the service pipe supplying the residence of Charles H. Sargent. It was the result of careless work when the connections were made several years ago, it is said.

Several motor trucks loaded with airplanes and material from the U. S. Air Service passed through town Monday afternoon for Bethel and Berlin, N. H. The machines will be assembled and demonstrated made for recruits in that branch of the war department.

Capt. Sampson has purchased a new row boat from Rangeley Lakes and added it to his lake fleet, Monday.

George Rand and sons, who occupy the factory, for tobacco, fruit, refreshments and lunches, have a thriving business. Mr. Rand lived in Norway twenty odd years and made shoes. After a vacation of several weeks ago and expected to be here permanently. Mrs. Rand died during the influenza epidemic in Springvale and her father and young sons are keeping house while conducting the business.  
 Contractor Freeman G. Smith has extended the Cottage street drain up Beal street from Tanner Brook and back along on Cottage street to the point where it will stop opposite Masonic block. Many nature of showers, cave-ins, large boulders, and water main, the catch basin and man holes will be put in after the pipe is laid and the road level fixed.

A triangular race involving the three disputants for motor boat speed was held on Lake Penesseewassee one day this week. The get-together was accidental but as they came down together a trial for speed resulted. The "Beacon boat" owned and manned by Billy DeGross and Charlie Whittemore jumped into the lead and had it all over the outfit, it is said. Lester Ashton, the druggist-sailor held second position and beat Mickey Welch to a stand still. Witnesses affirm Mickey's feet went cold, almost from the start and passed out the sponge without even an argument.

Carlton Wentzel is pilot and "chauffeur" for Capt. Mel Sampson on the launch, "Hartford Girl."  
 Mrs. Harry O. Stinson returned this week from a visit with her son, Clyde Stinson and wife at Conway, N. H. Mr. and Mrs. W. C. Bryant and son, Myron and Mr. and Mrs. W. H. Young of Bethel were in town, Sunday, visiting relatives.

Mrs. L. W. Ramsell and daughter, Kathryn, and Ernest Holt of Bethel were guests of Mrs. Ramsell's parents, Mr. and Mrs. A. C. Holt, Saturday.  
 Rex Sessions, who is making his home with Harry Brown at North Waterford, is visiting his mother, Mrs. Edna Sessions on Winter street during the Chautauque.

Priv. Frank M. Foss, Postal Express Service, A. E. F., who has recently received his discharge, is visiting his brother Oliver J. Foss and Mrs. Foss.  
 Albert J. McCready went to Berlin, N. H., Thursday and will return Monday with his family, who have been visiting relatives during the past week.

#### NORTH WATERFORD

Brown & Knight have been building a dry house 100 feet long.  
 Mrs. Willis from Paris was a guest at her son's, John Willis', a few days. Mr. and Mrs. Jesse Littlefield and three children visited at Sidney Hatch's, Saturday night and Sunday. Elliott, who are working at the toy factory at South Paris, stayed Saturday night at Sidney Hatch's and visited Sunday here.

Chas. Marston is working at Norway for Chas. Parson and his wife is keeping house for Eugene Andrews, who is with his daughter at Bath for two weeks.  
 Willis Littlefield and Leon Lovejoy started to work at the box mill Tuesdays as they started in making boxes.

#### Rice Neighborhood

Mrs. Chas. Hersey went to Saco, Tuesday to visit relatives. Her sister, Mabel L. Kingsbury of Hartford, Conn., who was visiting there also, returned with her Thursday to spend a month.

The three sons of Charles Hamlin of Lisbon have been visiting their cousin, Mrs. Charles Saunders, and their aunt, Elvira Hamlin. Mr. and Mrs. Archie Hamlin and children came from Dexter, Truman Hamlin from Schenectady, N. Y. and Mr. and Mrs. Francis Hamlin from Bakersfield, Cal. The three men and Charles Saunders went fishing Saturday.

Carlton Millett is assisting Geo. H. Rice with his hay.

Mr. and Mrs. Fred Saunders of Bridgton and children took a fine Saturday at Mr. and Mrs. Chas. Saunders.

#### Albany Line

George Kimball of North Bridgton was through here last week buying cattle, hogs, etc. He bought a very large hog of K. K. Shedd and a yearling calf. Bert Flint helped Mr. Shedd load them, Tuesday.

Walter Lord went to South Paris with a load of calves, hogs and cows, Tuesday for Mr. Kimball.  
 There was a ball at North Waterford, Sunday evening. A part of the young people here attended at North Waterford, the other part divided up between Hunt's Corner and Lovell. Linwood Flint played at North Waterford for the ball that night, we understand.

The truck owned and operated by the Doughty boys hauling lumber for McIntire hauls immense loads.  
 Mrs. Rebecca Fisk has the champion laying hens, selling more eggs than many other families together. Quite a paying proposition these times, with eggs at the present price.

Pearl Weymouth is talking of going to Northern Canada this fall.  
 Fred Shedd has a family of black woodchucks on his place. They are tame and very beautiful. Quite a rare animal it seems.

Mr. Hill, who has been visiting his brother, Robert, has returned to his home in Massachusetts.

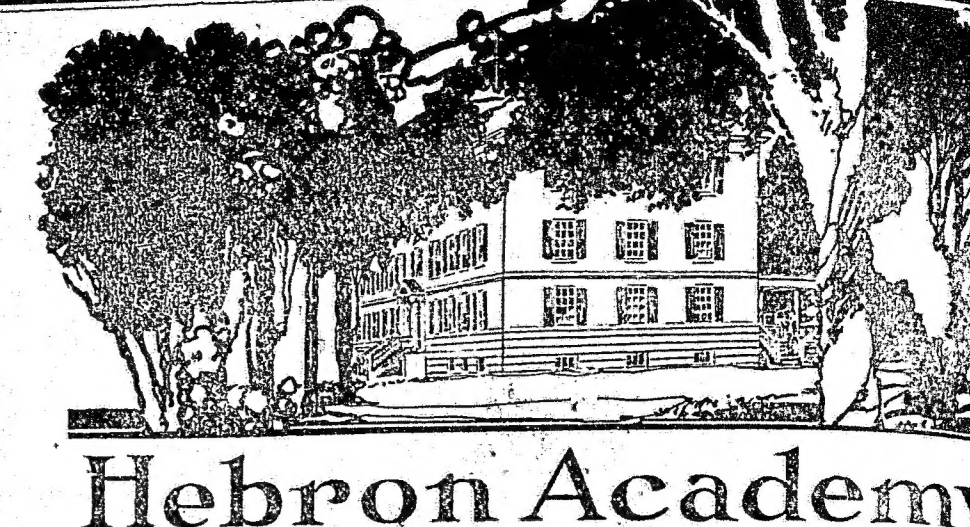

#### From Albany Line and North Waterford

To the Great Aziscoos Dam.  
 One of the finest drives in the country is from Bethel to the Aziscoos Dam. A party consisting of Roy Lord, Mary Allen, Marjory Allen of Albany and Mr. and Mrs. Fred McAllister of North Waterford, and Mrs. Walter Lord, Gwendolyn Josephine and Lee Lord, Pearl Weymouth and Mrs. E. E. Shedd, started from North Waterford July 20th, going by way of Valley Road to Bethel.

They stopped at the camp in Grafton Notch, taking dinner there: roast chicken, meat, fish and eggs, all kinds of poultry, comprised a wonderful dinner. Walter Lord's party was invited by Roy Lord. Wonderful views were enjoyed all at the church long drive. Especially of the Great Dam, Sereb Auger and Horse Falls, Lake Umbagog, nearly circling the beautiful and large lake. Diamond Peaks were in the distance and Eggleston Pond were beautiful. Past Wentworth Location, Wilson's Mills and many other lovely little hamlets and villages along the way.

They stopped for refreshments at E. H. Lane's in Fryeburg, passing many lumber men's camps and hovels by the roadside. A little church and schoolhouse in the heart of the woods seemed far from the camp. "Camp of the Brown Owls" was the name of the place.

The Algonquin Club House close also.  
 After taking some views of the Dam, they returned home, stopping again at the same camp for supper. Roy and

STORE CLOSING

Advance In Wages

About every industry throughout the country is making about fifteen per cent. advance in wages. Of course this means that we will have to pay more for everything from what we consume to what we wear. We expect to pay more for our next lot of goods that we purchase, therefore we will have to place a higher price on them, but this higher price will not go onto any goods that we have on hand at the present time. Now we say to our customers and others who are not customers that there is no better way to make good money than to BUY NOW.

Come in and we will explain the situation to you.

Walter Lord got supper, making hot coffee and frying eggs and bread. The boys looked on and enjoyed the novelty of the situation.

Leaving the camp at 9:30 p. m., they arrived home at midnight well satisfied with their trip. The many miles of woods through which they passed from Bethel up consisted chiefly of spruce and fir growing close and tall, fine pointed tops with very short limbs. The smallest to the largest were the same symmetrical shape. Once in a while a pretty tamarac.

HARBOR

Edward Wesley Jones

Died, at North Fryeburg, July 1, Edward Wesley Jones, aged 71. He was the second son of Perry and Heald Jones and was born at Fryeburg. Afterwards they moved to Harbor and Edward went to school at about two years ago when again moved to North Fryeburg. He was a very bright and cheerful, with a sunny disposition. One year ago he was taken sick since then he has been a great deal of his prayer every night and God to help him to get well. All this possible was done for him by his parents and grand parents. He went to Memorial Hospital, Conway, Maine, and was kept in bed for several months. He was very weak but attended his funeral and was buried in the cemetery. He was a very good man and a very good father.

His two grandfathers and two grandmothers were the bearers. His casket was a beautiful white casket and his funeral was a very beautiful service. He was a very good man and a very good father.

One precious to our hearts has passed. The voice we loved is still. The place made vacant in the heart. Can never more be filled. Our father in his wisdom chose. The life he gave and gave. And though on earth the body lies. The soul is safe in heaven.

# ANDOVER

A decision was rendered July 17 by the public utilities commission ordering that the applicant, Walter M. Barnes, doing business as the Barnes Electric Light Plant and operating at Andover, be authorized to suspend the service which he is now rendering from and after the first day of August 1919. Said decision is directed to notify by regular mail or personally each of the customers forthwith that service is to be so temporarily suspended, and said Barnes is further directed to post at the town hall forthwith a copy of this decision and order.

The order further stipulates that in the meantime it is to be understood that if said Barnes does so suspend service any individual, firm or corporation has the right to make application under the statute of this state for permission to do an electric lighting and power business in the territory now occupied by this applicant, and that if such application is received, it will have prompt consideration.

# Cold relief

A common cause of many colds is the sudden checking of the unconscious perspiration by exposure to a change of temperature. Colds whether taking the form of Coryza with sneezing, running nose, and perhaps sore throat, or with chilly and feverish symptoms, should never be neglected in the earliest stages. Serious illness often results from such neglect.

It is well to get early to bed, to get the body well warmed, and most important to have the bowels move freely. There is no safer or better remedy to use at the beginning of a cold than "L. F. Atwood's Medicine. Two to four teaspoonfuls will quickly relieve congested conditions, drive out impurities from the system and ward off further trouble. Always keep a bottle in the house. Any dealer will supply you for fifty cents. If you have never used it, write today for a free sample to the "L. F." Medicine Co., Portland, Maine.

#### NORWAY AND VICINITY

Mrs. Howard S. Maxim, clerk at Brock & Co.'s store, is having her vacation.

Mrs. Ray Bennett returned from Lewiston Saturday with her son, John, who has been operated on for adenoids.

There was a difficult case, but the young patient is recovering rapidly from the operation and a rapid improvement in his physical condition is expected.

The loss of street cars was felt during Chautauqua week. Jitney service was that could be desired, but it failed to solve the transportation problem, at least from the Norway end. Thunder showers threatening to break before the opening of several performances, also inspired against both out of town parties and those near at hand. This state of natural and unnatural affairs, however, did not prevent the single admission but not noticed in the course ticket sale. Otherwise the Chautauqua week was the best ever.
